"We see that, regardless of the presence or absence of material success in our lives, we can be content. We can be happy and fulfilled with or without money, with or without a partner, with or without the approval of others. We've begun to see that God's will for us is the ability to live with dignity, to love ourselves and others, to laugh, and to find great joy and beauty in our surroundings." *How it Works and Why* pg. 112
